

Cylinder Oils

in particular require careful selection. An oil that will do good work in an engine using steam at sixty pounds pressure will not do good work where the steam is two hundred pounds pressure. This is due to the fact that in order to get good results the oil on entering the cylinder must atomize properly, that is, spread over the sides of the cylinder and form a film between the piston and the cylinder walls.

In order to obtain these results it is necessary that the oil shall have the proper viscosity and fire test to assure atomization at the heat generated in the particular cylinder used.

REGA DARK CYLINDER

ALBERTA AND EASTERN B. C. PRESS ASSOCIATION

ANNUAL MEETING AT EDMONTON.

The sixth annual meeting of the Alberta and Eastern British Columbia Press Association was held on Thursday and Friday last in Edmonton, as president Mayor Lee addressed the delegates in a few brief, but cheery, words of welcome, at 10 o'clock Thursday, in which he extended the freedom of the capital to the jolly party of newspaper men, who had gathered in Edmonton for the first time, spoke of the importance of the meeting and gladly gave the convention the use of the council chamber for their sessions.

The chief feature of the morning session was the unanimous election of W. A. Buchanan, M. P. of Lethbridge, as president of the association for the coming year, and the equally unanimous choice of the growing city of Lethbridge as the next place of meeting.

In the words of M. R. Jennings, who moved for Lethbridge as the place of convention next year, that city has grown more rapidly than any other city in the province. D. H. Elton, who was specially commissioned by the board of trade of the south town to extend the invitation of the association to come there next year, repeated the invitation of the board, and spoke for Lethbridge as only an enthusiastic booster such as "Dave" can.

W. A. Buchanan, the popular newspaper member from the south, was elected to the president's office with a cheer, his predecessor, Capt. Thomas, being elevated to the position of honorary president. D. H. Elton was re-elected as secretary. Other officers elected were: A. B. Watt, Edmonton Saturday News, first vice president; F. W. Quayle, Claresholm Review, second vice president; W. J. Watson, Calgary Herald, third vice president; executive committee, Duncan Marshall, M. P. P., Olds Gazette; R. M. Williams, Tofield Standard; F. E. Simpson, Cranbrook Herald; J. H. McDonald, Strathcona Plaindealer; J. A. Carswell, Red Deer News.

The retiring president's address dealt with matters of vital importance to newspaper work, and propounded the principles and discussed the ethics of the profession in a manner that was appreciated. In taking the chair, the new president, W. A. Buchanan, stated that in all his long experience in newspaper work this was one of his proudest moments. He promised to use his utmost efforts to extend the usefulness of the association. He believed a gathering such as this should be of benefit to each individual newspaper man attending, and he felt it was the duty of the association to endeavor to elevate the profession.

The delegates in attendance were as follows: W. A. Buchanan, M. P. P., Lethbridge Herald; Duncan Marshall, M. P. P., Olds Gazette; W. J. Watson, Calgary Herald; D. H. Elton, Lethbridge; I. W. Johnston, Reporter, Fort Saskatchewan; R. N. Williams, Tofield Standard; J. E. Pemberton, McLeod Advocate, Fort Edmonton; Ponoka Herald; S. D. Hodson, Okotoks Review; James Ker, Leduc Representative; John A. Carswell, Red Deer News; J. H. McDonald, Strathcona Plaindealer; H. B. Berryman, Millet Packet; E. L. Thomas, Camrose Canadian; F. W. Quayle, Claresholm; F. Burton, Alberta Star, Cardston; A. A. P. McDowell, Dayland Press; F. W. Galbraith, Red Deer Advocate; C. E. Hayes, Edmonton Bulletin; M. R. Jennings, Edmonton Journal; A. B. Watt, Edmonton Saturday News; G. Keerman, Alberta Herald, Edmonton; C. J. Wilson, Medicine Hat Times; Frank E. Simpson, Cranbrook Herald; E. Hagell, Lethbridge News; G. R. Westland, Innisfail Province; F. L. Harris, Bowden News; T. W. Green, Magrath Pioneer; A. L. Eastly, Bawlf Sun.

In the afternoon the members of the association were taken for an auto ride around the city, to the new government buildings, and out to the parking plant, and a jolly time they had. On Friday morning an excellent address was given by Lord Northcliffe, the largest newspaper proprietor in the world, and in the afternoon Hon. Frank Oliver, Minister of the Interior, delivered an excellent address on "Newspaper Reminiscences in Western Canada." An interesting discussion was held in the question of advertising rates, resulting in the appointment of a committee to draw up and submit an advertising rate schedule based on a paper's circulation.

The convention took up the question of commercial printing rates and appointed a committee to draft a new list of printing prices. No change in the rates has been drafted since 1905 and incoming printers have found the rates in a very chaotic state. The discussion showed that the job department of the newspaper offices has been in the habit of cutting rates to secure business and thus a ruinous competition has sprung up.

Many valuable suggestions were brought out through the medium of the question drawer. The discussion on the questions asked ranged from the job printing office to the directing of the policy of the editorial column.

The new constitution and by-laws of the association, which were submitted by a committee during the session Thursday, call for an initial fee of \$10 and a yearly subscription of \$5. The fee was held high so as to impress the newspaper fraternity with the high standard of the Alberta association. In future the proceedings of the press convention are to be printed in pamphlet form and distributed to all the newspaper offices in the province.

The ladies who attended their husbands to the convention were taken in charge of by a local committee composed of such well known press women as Mrs. A. B. Watt, Miss Thompson, Miss Forsythe and Mrs. Cunningham. A tea was served at the home of Dr. Ella Sygne on Thursday afternoon and in the evening the ladies were the guests of Manager Kyle at the Empire Theatre. Following the theatre, the party Okotoks Review; James Ker,

the home of Mrs. Cunningham. On Friday afternoon Miss Thompson had charge of the visitors during an automobile ride about the city and out the road to St. Albert.

Mrs. Randall's Reception.

One of the prettiest receptions it has been the pleasure of the people of Red Deer to attend was held by Mrs. Robert Ritsen Randall on Sept. 2nd, and a large number of the ladies took advantage of the opportunity to pay their respects to the fair and winsome bride, and to make the acquaintance of her mother Mrs. Randolph Ross McKellar, of Glencoe, Ont., and her aunt Miss McKellar, of Buffalo, N.Y., who resided with her. Mrs. Carcallen presented the callers, Mrs. Payne conducted them into the tea room, and Mrs. R. L. Gaetz presided over the tea, assisted by Miss Menzies, Miss Lily Smith and Miss Helen Taylor.

The reception room was profusely and artistically decorated with sweet peas, while the tea room looked really charming in its decorations of white streamers banked with white tulips and supported with smilax and asparagus ferns, the orchestra in an adjoining room adding greatly to the charm of the occasion. Mrs. Randall wore a white crepe de chene gown, trimmed with fringe and hand embroidery over taffeta. Miss Menzies looked sweet in a gown of white crepe de chene trimmed with white lace over white silk. Miss Smith wore a white silk empire and Miss Putnam a champagne silk empire trimmed in pale blue satin. Miss McKellar wore a gown of wisteria satin, while Mrs. McKellar was attired in black silk crepe de chene. Mrs. Gaetz wore a handsome green voile gown and black and white hat. Mrs. Payne looked very graceful in cream voile over champagne silk and large black hat, and Mrs. Carcallen wore a mauve voile costume with black hat.

In the evening quite a large number of ladies and gentlemen enjoyed the charming hospitality of Mr. and Mrs. Randall and their guests.

A pleasant dance was given by the Cricket Club last night in honor of the visiting cricketers from Pine Lake.

Millinery Opening.

FRIDAY, SEPTEMBER 17th

Parliament Will Meet at Early Day.

Some of the Problems Before the House.

Ottawa, Sept. 9.—Everything indicates that the Government intends to convene Parliament at an early day, possibly on the first Thursday in November. The Ministers are returning, and Sir Wilfrid Laurier—who really does about all the work in the Government. There is no reason why the Departments should not be ready as the last fiscal year ended five months ago and the House prorogued in May. November sessions in the past have been unsatisfactory. The House has not been assembled until the last week in November with the Christmas holidays close at hand. The result has been that nothing was done until January beyond disposing of the debate upon the address. If the House meets early in November, however, there is no reason why it should not settle down to business at once and the Christmas holidays need make no more disturbance than would the Easter holidays at a later date.

The Government has plenty to bring before Parliament and it will have some serious problems to confront. The debate upon naval defence and Imperial contributions will undoubtedly command the attention of the country. Allied with these, are the questions relating to the cable and the all red steamship route. Again, the recently passed American Tariff Bill has presented difficulties to the Customs and Finance Departments and even to some of the Provincial Governments, and it will not be surprising if a part of the session should be devoted to supplementing tariff legislation. This is the more likely because the Government is anxious to back out of the ridiculous trap in which it caught itself while attempting to play horse with Germany. It looks very much as though the German export war policy, and the British preference virtually extended to Germany. The fact that the farmers in this country are excluded from the second largest market in the world cannot much longer escape attention.

The Grand Trunk Pacific project will be up again for consideration. Mr. Lumsden's resignation as Chief Engineer, under all the circumstances, may well call for an inquiry by Parliament. Lumsden made a great mistake in not supporting Major Hodgins when the latter made his charges against over-classification and secured a committee from the House to investigate them. No one now disputes that he was telling the exact truth and if Lumsden and the Grand Trunk engineers had come forward and supported him he would have made a case which would have cleared the atmosphere and saved the country a vast amount of money. Mr. Lumsden, however, gave Hodgins no assistance and the Major was brow-beaten into dismissing the case. Before long it dawned upon Lumsden that the abuses pointed out by Major Hodgins were so extensive and far reaching that they could no longer be tolerated. Then he attempted to interfere, and got sacked for his interference. The Government would not have dared to fire him had he not cut boldly and told the public at the time of the Hodgins' inquiry what he will tell the public on the witness stand at the next session.

The death of Mr. Reid, a member of the National Transcontinental Railway Commission, calls attention to the fundamental weakness of the whole N. T. R. organization. Mr. Reid was a paper box manufacturer who was born and lived all his life in London, Ontario, and he probably knew little more about constructing a railway than he knew about constructing a flying machine. He was a good man and never pretended to be an engineer or experienced in construction work. He might just as well have been appointed to the Hydrographic Survey as to the N.T.R. Commission. Much the same may be said of his colleagues. One was a police court lawyer and another a corset maker. Not one of them would have been chosen by the C. P. R. or Mackenzie and Mann for positions at all analogous to the ones they received from the Federal Government. The Panama Canal construction has not been a shining success, but when one compares the personnel of the Panama construction board with the construction board of the N. T. R. a striking contrast appears not in favor of present-day Canadian methods.

Mr. Reid personally was not to blame for the system and he was justified in accepting the appointment when it came to him, but in the nature of things he and his colleagues were utterly unable to direct and control operations in the field and without any dis-

honesty on their part a road which would have cost not to exceed \$300,000,000 will ultimately cost three or four times that much. It is certain that the Eastern section from Winnipeg to Moncton including the Quebec Bridge will not cost less than \$270,000,000 or approximately \$150,000 per mile.

The naval question may yet give some trouble to the politicians. The Opposition should sit tight and let the government do the experimenting. It is approaching the subject gingerly. All of our information so far has trickled to us from London, the Ministers at Ottawa having nothing to say.

It will be hard for any Government to bring down any scheme for naval construction which could not be attacked with considerable force and ability. If the ships are to be constructed in England, may at once we say, "Why not spend Canadian money in Canada? On the other hand if it is proposed to build warships in Canada, the objection will be made that we have not the facilities for doing so, and persons inclined to be humorous will recall the luxurious furnishings of the "Montealm", the expensive repairs of the "Speedy" and the wooden hull of the "Arctic". Much is to be said, however, in favor of the shipyards already established on the sea coast and on the Great Lakes. If they can build the ships their plan for Government patronage will not be passed over lightly.

One fundamental difficulty with this whole question is that we do not agree among ourselves as to what end we have in view. Are the ships to be a part of the British Navy, or are they intended for coast and home defence? If we are to really build up the British Navy for some expected nearby emergency, the practical way is to cash contributions for aid to steel ship building from Halifax, Sydney, St. John, Quebec, Montreal, Toronto, Collingwood, Sault Ste. Marie, Prince Rupert and Vancouver. The present Government will try to placate every interest and the Opposition will have to have a clean out policy if they are to make any impression upon the country. Just now it is not clear whether there is sufficient interest in the subject throughout the country to justify a premature declaration of policy.

The whole question is wound up and interlaced with the broader and deeper question of Imperialism. As between the two parties the Conservative party by tradition has been the party most concerned in strengthening the ties between this country and the Mother land. Hon. George E. Foster, whose speech upon naval defence in the House was notable, has taken high and advanced ground upon the obligation of Canada, her future duty and destiny. It is not clear that his views are far apart from those held by Mr. R. L. Borden. But Mr. Borden as leader of the Opposition must speak always in deliberation and not commit himself and his party hastily to any propaganda. The whole naval question may be discussed in a non partisan way by Parliament.

Mr. Gerald White, M. P. for North Renfrew, was in Ottawa the other day, having returned from a trip to the West. Mr. White entered the House in succession to his father, the late Hon. Peter White, who achieved national distinction by his fair play and ability as speaker and with the public. He has taken a very active part in forwarding the Georgian Bay Canal and at the last session of the House he secured almost an unanimous request from the members of the House to the Government in favor of expediting this great undertaking. Mr. George Gordon, who represents more popularly than any other member of the House, is co-operated with Mr. White in pushing the Georgian Bay Canal. Mr. Gordon has taken a prominent place in the House for a new member. He is not only a good business man but he is a convincing speaker and clever politician. There is future Cabinet material, some people are inclined to think, in the member for Nipissing.

THE ROMBERG TROTTING STALLION "ZOMBERT" 2 29 4

Was sired by the world renowned "Zombro" 2 11, the greatest show horse and sire of extreme speed that ever lived. Besides many other great ones he sired "Italia" 2 04, world's record for green mare, "San Francisco" 2 07, world's record for three heats by green stallion, "Hymettus" 2 08, world's record for three-year-old gelding. Zombro's claim to greatness rests not alone with his sire, as his late and his 8rd dam was "Pecora", one of the twelve greatest mares that ever lived. Come to my barn and carefully study his tabulated pedigree, and you will be convinced he is a Prince, and a King. The Zambros have sold for thousands, where other good horses have brought only hundreds. Farmers, as well as others, look to your interests, and breed a mare or two to a Zombro while you can. For the present season he will stand for service at my livery and feed barn on Alexander Street, Red Deer, Alta., at prices within the reach of all.

Dr. Cook Flatly Accused of Trying to Deceive Whole World.

ESQUIMAUX SAY COOK WAS NEVER OUT OF SIGHT OF LAND.

New York, N. Y., Sept. 8.—News received in New York today from Commander Peary says: "I have mailed the Stars and Stripes to North Pole. This is authoritative and correct. Cook's story should not be taken too seriously. The Eskimaux who accompanied him say he went no distance north and was not out of sight of land. Other members of the tribe corroborate this story.—Robert E. Peary."

The message came from Indian Harbor, Labrador. It was sent by wireless by way of Cape Ray, Newfoundland and created a sensation.

"I am indifferent to Commander Peary's doubts regarding my discovery of the North Pole," declared Cook today. "I would not degrade myself by answering Peary now, but will withhold my reply to his doubts until they are based on scientific data."

THE PRESS.

Once in a while the press of Alberta awakes to a sense of its importance and does things. The meeting in Edmonton last week takes first rank among all the meetings, and one which will be long remembered. The respect shown the members of the press by the city of Edmonton, by the Provincial Government, in the person of the Premier and two other Cabinet Ministers, by the Dominion Government through the Minister of the Interior, and lastly by the Motherland through Lord Northcliffe, the greatest newspaper man in the world, is elevating and inspiring. It shows to what company decent newspaper men may aspire. It should teach them self-respect. Never in the history of the province was there so large an attendance or so much interest displayed by the visiting journalists in the proceedings of the different sessions. The city of Edmonton, through their Board of Trade, through the Edmonton Club, and through the local Press Association, fairly swamped the visitors with kindness. Nothing was too good for them, and Edmonton newspaper men and newspaper women also, God bless them, have taken first rank in the hearts of the newspaper men of Alberta as entertainers.

Commander Robert E. Peary, who claims to have discovered the north pole on April 8th last, states positively that Dr. Cook's story of having reached the pole is a fabrication, and he has the story nailed. Cook smiles at Peary's statement, and a controversy of considerable magnitude is looming up. Evidently somebody is putting up a great big bluff.

At Orillia, a town in Ontario, where the municipality owns its own lighting plant, they estimate they will clear over all expenses \$7,400 on the electric lighting plant this year. - \$16 per horsepower per annum is charged, and lights run from 15 to 20 cents per month each. Orillia's rates are the lowest in Canada.

West Still Youthful.

Toronto News:—That the Canadian West is still in its infancy is shown by the fact that the man who took up the first Manitoba homestead is still an active farmer. He is Mr. J. S. Saunders, of Portage Plains, Canada. West publish his photograph at the age of 85 and that of his wife. This statement leaves out of account the early Selkirk settlement around Fort Garry.

HYSLOP BICYCLES

Bicycles are rapidly coming back into popular favor, the demand this year being five times what it was five years ago. We have planned for it in two ways—by getting the very best English wheel we can for popular selling, and by seeing to our customers all intermediate profits by filling orders direct by mail instead of through agents. In this way we can offer

\$50 Wheels for \$25

and give better satisfaction all round. The quality of the wheels is all right—only the best materials used and only skilled mechanics employed in construction. The equipment is right up-to-date and the machines throughout are such as we can thoroughly recommend. We sell automobiles as well as bicycles and our plan is to make wheels serve as a good advertisement to the entire business. Send for illustrated folder.

DR. PRICE'S
Cream Baking Powder
No alum, no lime phosphates

As every housekeeper can understand, burnt alum and sulphuric acid—the ingredients of all alum and alum-phosphate powders—must carry to the food acids injurious to health.

Read the label. Avoid the alum powders

LAYING OF CORNER STONE
OF NEW METHODIST CHURCH.

Hon. A. C. Rutherford, Premier of Alberta, Present.

The laying of the corner stone of the Leonard Gaetz Memorial Methodist church on Wednesday afternoon last was a red letter day for the Methodists of Red Deer. The weather was all that could be desired, the attendance large and speakers of the best.

Among those present were Hon. A. C. Rutherford, Premier of Alberta; Hon. W. H. Cushing; Dr. T. J. Gaetz, President of the Provincial University, the Mayor and leading citizens of the town. In the words of the Advocate, the arrangements were happily conceived and well carried out; the speeches were brief, interesting and inspiring; the ladies cared for the wants of the inner man in good style; and the whole event gave an appropriate public start to the life of the new church.

Mr. Huestis was director of ceremonies, fittingly introducing the speakers. He read the ritual of the church for such an occasion, the audience joining in hymn and responsive reading. Rev. Thos. Powell, the chairman of the Lacombe district, led in prayer, and Rev. W. K. Allen, of Springvale, secretary of the Red Deer district, read the Scripture lesson. Mr. Huestis spoke principally for the church, the Mayor, Mr. Payne and Mr. Michener, for the town, school and the district; Mr. R. L. Gaetz for the Gaetz family, while the distinguished outside visitors dealt with the important occasion from the Provincial standpoint.

Brief addresses were given by Rev. Mr. Huestis, Mayor Bottorill, E. Michener, M. P., W. E. Payne, R. L. Gaetz, Hon. W. H. Cushing, Dr. T. J. Gaetz, and Premier A. C. Rutherford.

Mr. Huestis said Dr. Gaetz was one among the great men of vision, of hope, of ambition, of energy, who laid the foundations of the Great West. The chamber of the town of Red Deer was largely due to his influence, and Red Deer was second to none in the character of its citizenship and the general intelligence of its people.

Mayor Bottorill looked upon the building of the church as a sign of the return of prosperity to the district. He welcomed the visitors, and wished the church all success, and bore tribute to Dr. Gaetz' character.

E. Michener, M.P.P., said the Government and the University and the Church on this occasion were uniting to honor the memory of one of the great men of the Province who had achieved great things for the district and nation.

Mr. Payne wished the boys and girls to remember this as a history making day in Red Deer, and as a token that their great men were not forgotten.

Mr. R. L. Gaetz expressed the profound gratitude of the family for the kindly references of the speakers to his father and the great honor done his memory by the local church.

Hon. Mr. Cushing said this church was a fitting tribute to the memory of Dr. Gaetz. It had been his privilege to know the Dr. when the latter first came to Alberta, in the fall of 1883. When Dr. Gaetz's health failed he did not superannuate in Nova Scotia, but he set out to explore a new country, to endure its hardships and privations, to encourage its people. To him had been largely due the rapid development of this portion of Central Alberta. He was a potent force, by pen and by voice, in its upbuilding, and province, district and town were

better in every way for Dr. Gaetz living here.

Dr. T. J. Gaetz said, when a young man he had been a member of St. James church, Montreal, when Dr. Gaetz was the pastor, and for twenty years afterwards was connected with that church. He could say that of all the men who served the church in that time, perhaps Dr. Gaetz' name was remembered as that of no other pastor was remembered.

Premier Dr. Rutherford commended to the boys and girls the habit of church-going; he could hardly believe that such a good habit was dying out, as some were prone to allege. He was delighted to learn that this was to be a memorial church for Dr. Gaetz. He had known Dr. Gaetz before ever he knew of Red Deer, or even of Alberta. Dr. Gaetz was a great preacher and orator. He always left a great impression of this country by his boundless optimism, by his great faith in its future.

The Premier spoke of the great assistance the churches were giving the schools and the teachers in assimilating the European continental immigration into the life of the nation. The Methodist church was the first to have its college affiliated with the Provincial University; they intended to have their preachers keep pace with the progress of knowledge. He congratulated the Methodists of Red Deer on their fine church, which was a credit to the town and the Province.

Mr. G. W. Smith, chairman of the Building Committee, then read the list of the articles placed in the copper box to be enclosed in the stone as follows:

CORNER STONE CONTENTS.

In the stone was placed:
Copies of the Bible, the Methodist Hymn Book, the Methodist discipline. Copies of "The Christian Guardian," "The Advocate," and "The News."

Coins of the realm.
List of teachers, officers, scholars, and cradle roll of Sunday School. List of members of Quarterly Official and Trustee boards, and Building Committee.

List of members of Council of Town of Red Deer, 1900, and the annual statement for 1908.

List of members of School Board, and teaching staff.

Names of architect, foreman, contractor, inspector of work on building. Names of speakers and others who took part in the day's ceremony. The names of the tinsmiths who made the box.

Mr. J. J. Gaetz, secretary of the Building Committee, then presented Mr. Huestis with a silver trowel and the President of the Conference with Contractor McKee's assistance proceeded to lay the corner stone "in the name of the Father, the Son, and the Holy Spirit," and he declared the stone well and truly laid.

The benediction closed the ceremonies, after which the party adjourned for the beautiful tea the ladies had furnished.

Red Deer had Methodist preaching in 1884 and was set off as a mission station in 1887. The church now in use was built in 1891, and was extended in 1903. The congregation hope to worship in the new church by the New Year.

THE SASKATCHEWAN LAND AND HOMESTEAD CO. LIMITED.

Anyone having business with this company, or desiring to cut hay on their lands is requested to call at the Alberta Hotel, Red Deer.

J. E. CUNNINGHAM, Managing Director.

MONARCH GRAIN COMPANY

Members Winnipeg Grain Exchange and Toronto Board of Trade.
REFERENCE: BANK OF MONTREAL.

Representing exporters, New York, Boston, Chicago, Montreal and Toronto. Also millers in Ontario, and largest cash handlers in Canada. We do not ask you to ship your grain unless our prices are better than other dealers. Write for any information, and get our card on prices. Orders on Winnipeg options carefully executed on reasonable margins.

Lifebuoy Soap is delightfully refreshing for bath and toilet in hot weather. For washing underclothing it is unequalled. Cleanses and purifies.

Lost Brother.

John Keshila, who resides in the Medicine Valley, Gilby P.O., desires to hear from his brother, Almer, who was last heard from at Treuville, last fall. Any one giving this information will confer a favor on John Keshila, Gilby, Alta., who is anxious about his brother.

(R. A. MITCHELL, FOREMAN.)

ADDRESS:
HUXLEY, ALBERTA.

THE W. E. LORD CO'Y.

SPECIAL

This week preserving fruit of all kinds; get your Plums and Pears while they are fresh and in good shape.

PRICE

Our price is as low as the lowest, when you consider quality.

ON

Arrival our fruit is placed in a good cool cellar, which keeps it in first class shape.

FRUIT

From the best packers known to the trade is where we buy our stock.

THE W. E. LORD CO'Y.

HALL'S

Cash Store Items.

The Business that leads in these days is a business of fertility, where freshness rules in practice. You delight in visits to this store, because there is always something fresh. A store that keeps in closest touch with the times and anticipates the wants of shoppers.

This week we offer:

1,000 Yds. Cotton Cashmeres, 10c Yd.

New Dress Goods.

This lot is comprised of all the wanted colors, such as Browns, Blues, Reds, Creams and Whites. The widths is fully 36 inches, and the regular retail price 17c yd. Our Special Price, 10c Yd.

Ladies' New Net Waists.

Just at hand this week a big shipment of the newest makes in Ladies' Silk Lined Net Waists. We have Brown, Navy, Green, Eerie, Cream and White, in prices from \$3.50 up. Don't fail to see these new goods.

Ladies' Underwear.

We are showing many of our Fall and Winter lines, and can give you special values from 25c. up to \$1.25 per garment. We handle the well known "Puritan" Brand, guaranteed unshrinkable.

Ladies' Belts, 35c.

About 5 dozen Belts in this lot, assorted colors and makes; lines ranging in value up to 75c. Your Choice, 35c. each.

Millinery Note.

Mr. Hall has gone east this week and, while there, will purchase a line of the newest things in Ladies' and Children's Dress Hats. The low prices for nice, new, natty goods, which have prevailed in our Millinery Department for the past three seasons, will again be in evidence this year. Watch for these new lines when they arrive. They will be the very latest on the market.

Our Shoe Department

Is growing in favor day by day with the people who wish to buy Good, Dependable Goods at Money-Saving Prices. If you haven't tried a pair of Shoes from our store, you've not learned to save as much money as you might be saving.

You'll find very much alive in all that means business—and business that will be YOUR business is what we're going to talk right along. Before the season is over, this column will be eagerly read by folks who take very little stock in advertisements.

SUNLIGHT SOAP

LOCAL AND GENERAL

Money to loan on real estate at 8 per cent. J. L. CRAWFORD, Post Office Block.

The Red Deer Fair, Sept. 30th and Oct. 1st, should be attended by every farmer in the district this year.

W. J. McLeod is now connected with the Alberta staff of the Massey-Harris Company as outside agent.

The Ladies' Aid of the Baptist Church are working for their annual bazaar, which will be held in October.

Mr. H. Jestin, Coalbanks, reports crops good in his district and a steady enquiry after farms at \$15 and \$20 an acre.

Postmaster Robinson, of Evans, has sold a half section five miles south-east of Evans to Kingman N. Robins, of Rochester, N. Y.

"Jean Blowett is perhaps the best known, certainly the best beloved woman poet of Canada. Her success both in writing and upon the platform has been phenomenal."—Hamilton Times. "One of the best entertainers we have ever had amongst us."—St. Thomas Journal.

Eye strain is the result of a defect in the eye, and cannot fail to have an effect upon the character and natural disposition of children frequently tending to render them peevish and fretful, as well as depending and lacking in self-reliance. The constant effort required for vision retards the quickness of perception and comprehension and exhaustion is sure to follow. This continued strain of the eyes interferes with the concentration of the attention with the result that a child, unconsciously, and without knowing why, acquires a distaste for books which may continue for life, all because of an optical defect that a parent allowed to go uncorrected. The Empire Ophthalmic Doctor can tell you if strain is present.

The Late Mrs. Waste.

The death occurred at Ridgewood, near Penhold, on Sunday last of Mrs. Anna A. Waste in her 75th year. Deceased had been ailing for some time but the end came as a surprise to all.

Mrs. Waste since coming here from Illinois has won many friends and her loss will be deeply felt and regretted by all, tho' her friends feel glad to know the frail body has been released from pain.

She leaves two daughters and a son to mourn her loss, and our sympathy goes out to these sorrowing ones in their hour of trial. A service was held at the home on Tuesday the minister, Rev. L. E. Gosling making reference to the life of the deceased. The body was then shipped to Galesburg, Ill., where it will be buried on Saturday from the old home.

The Late George Smith.

George Smith, a resident of Willowdale, died very suddenly early Thursday morning at the residence of his son-in-law, J. T. Watson, Douglas street. Mr. Smith had been a sufferer from asthma for years. He came to Red Deer to be treated. During the night he became ill and passed away about two o'clock in the morning.

The deceased came to Alberta seven years ago, and had resided at Willowdale during that time. He was 51 years of age. Mr. Smith was a cheery, courteous, kindly man, and highly esteemed in the district.

Besides Mrs. Smith the family are Mrs. J. T. Watson, Red Deer, Mrs. Morrow, Miss Alloe, Bruce, of Hoquiam, Wash., Miss Maggie, of the W. G. E. Co., and Walter, Bert and Herbert at home.

The sincere sympathy of the community will go out to the family in their sad, sudden bereavement. The funeral took place Friday from the family residence to Mount Pleasant Cemetery.

Council Meeting.

The following report was presented to the Council by the Commissioners at the last regular meeting held on Thursday evening last:

COMMISSIONERS' REPORT.
We were requested by Councilor McKee to look into the matter of water rates for building purposes. The agreement with the Western General Electric Co. calls for the rates for approximately the rates charged in Calgary or Edmonton, and we find that the rates here are identical with those in Calgary, and a little less than the Edmonton ones. We wrote these cities asking for their revised rates and have only received the ones from Edmonton which have been reduced in some cases. Water for building purposes has been reduced there. As it will be necessary to revise the rates, we will before the end of the year submit a new schedule for your consideration.

Pursuant to your instructions, and in accordance with the resolution passed by the City Council meeting, we, on Sept. 1st, served a demand on the Western General Electric Co. to lower their phone rates to the rates charged by the Alberta Government. On receiving their refusal we notified the ratepayers committee of this fact.

We have requested Engineer Neville to prepare for putting in the concrete sewerage, the fire hall and walks to the offices, also to survey the road around the new part of the cemetery.

The spindle in the hydrant at Stone's corner having been again broken we had it taken up and replaced by a new one. We are having a stand pipe made to be placed near the corner of Rose and Mackenzie Ave. for use in filling the water cart. The frequent opening of the hydrants in the fall saturates the ground around the bottom and probably accounts for their freezing up so readily. This should overcome the troubles being more convenient.

We recommend that a cheque be issued to the Town for \$3.24 being arrears of taxes charged on Lot 1 Fairview from 1897. These have been brought forward on this roll as still owing. Also that Capt. Cottingham be allowed a rebate on water rates of \$10 charged for water in 1907 when it was not used, and W. G. Cowell be allowed a rebate on water rates of \$3.35 charged for water last winter when pipes were frozen and water off.

Veterinary Inspector Rothnie inspected the dairies last week reported premises in apparently healthy condition in both cases. Samples of milk have been sent to Edmonton for analysis (bacteriological).

We have ordered some plumbing application and permit forms printed, similar to those used in Calgary.

We have called for tenders for the supply of 12 tons good timothy hay up to noon Sept. 15th.

The Commissioners with Councilor H. H. Gaetz have submitted the following questions for discussion at the convention of Union of Alberta Municipalities:

1. The adaptability of the Commission system of Government to towns and smaller cities.
2. For what term should Commissioners be appointed?
We have submitted to J. L. Crawford the auditors' reports and evidence of claim against the London Guarantee and Accident Co., and hope to have the matter settled soon.

We have asked the Merchants Bank to take Debenture No. 9, \$1847.78, at par—five per cent. By disposing of this the Town will reduce the overdraft and save \$18.47 interest next year.

We prepared for R. E. Owens, Prov. Sanitary Engineer, a report on our waterworks and sewerage systems for inclusion in his annual report to the Prov. Govt. This has been forwarded to him.

We recommend that we be authorized to purchase blinds, oilcloth and other necessary fittings for the new offices. We hope to get into them before the 27th inst.

All the contemplated sewer extensions have been completed. We are at work preparing a statement of cost of the different works which we will submit at an early date.

The waterworks extension to Parkville should be completed by the end of the week. We will then have the block on Blower-Nanton to Mackenzie put in, and then start on the sidewalks.

Observing that the water pressure gauge had been recording high pressures occasionally through the night we phoned the chief engineer of the Western General Electric Co. about it, and on his stating that no increase of pressure had been reported to him from the power house, we wrote the Co. asking an explanation, and on receiving the reply attached hereto, we investigated the matter of the broken governor. Their Engineer stated that this was broken on May 23rd, and that he informed Mr. Neville at the time over the phone. Mr. Neville states that it

was never reported to him and also that he did not state that it would not be repaired until the new pump was installed. However, it was never reported to the Co. to the Town office as it should have been. We had it repaired at the earliest possible time after learning of the fact of the pressure going up to 80 or 100 lbs. at 1.30 a.m. and remaining up till 3.45 a.m., and this occurring about once a week regularly. As the Co.'s engineer stated that the pump could be controlled without the governor, and the pressure might go up after extra steam was turned on if it was not watched, it would look like gross carelessness on somebody's part that the pressure could run at over 80 lbs. for two hours without being noticed, and that at an hour when a break might occur in the mains or in the pump when it might be some hours before being noticed. In regard to the matter of a hydrant across the track near the power plant, and the pressure gauge asked for, we are getting the estimate of cost and the cost of the inventory of tools, plant, etc., also statement of cost of manufacturing pipe from the manager of this Co. We had no way of checking cost of equipment for the Red Deer sewerage, and noted in the inventory are not used in the plant here. Tools are put in as cost price and prices asked for this part of plant only allow 20 per cent. discount which is not enough to cover depreciation.

The cost of fence and shed is placed at \$237.04. Councilor McKee kindly went over it with us and figured the cost at \$165, and states that 25 per cent should be allowed for depreciation which would make the present value \$123.85, the Co. asks \$123.35 for these. The Town could make use of the fence and shed storing water pipes but should not pay more than the present value of them.

From the figures given as to cost of manufacturing pipe the Co. makes a profit of 51 per cent, though this evidently does not provide for depreciation of plant. Provided the Town could manufacture pipe as cheaply as the Co. which we do not believe is at all possible, the Town would save about 34 per cent. on present prices paid for concrete pipe, allowing nothing for depreciation or interest on investment, or breakages. As the price of vitrified pipe is at present over 10 per cent. less than price we are now paying for concrete pipe, and in buying that kind we only pay for sound pipe it does not appear that the Town could save much on making concrete pipe, and for would probably lose money. Then the amount of pipe to be used next year cannot be approximated even, at present there are no sewers contemplated except the septic tank so that we strongly recommend against the purchase of the plant. For the above reason of not knowing what pipe will be required next year we cannot recommend the purchase of the pipe the Co. has on hand, there is not enough of any one size to lay one block, and our Engineer states that it is not advisable to lay two kinds of pipe between manholes. Besides we cannot recommend the expenditure of over \$650 in cash without knowing the standing of the sewerage construction account, and this cannot be obtained for little while. The pipe might not be used for several years.

The higher prices paid the Co. are as follows:

THINK OF "FRESHNESS AND FOLEY'S" TOGETHER WHEN YOU BUY SODAS

We make Foley's Sodas the day they are shipped. No shipping from piled-up stock—all fresh—made the day they go out. We ship only in moisture-proof, dust-proof, air-proof cartons. Foley's sodas reach your home in exactly the same perfect, fresh, sweet, palatable condition in which they leave the factory. Foley's are well-flavored, well-made and properly packed fresh sodas.

Foley Bros. Larson & Co.

EDMONTON WINNIPEG VANCOUVER

for their pipe was to a certain extent offset by the rent and water rates received by the Town and by the employment of several men in town, and should the Co. break the agreement which runs till next July, these would not be received by the Town and the Town would be under no obligations whatever to the Company.

Should the Co. find a purchaser for their plant we would favor the continuance of the agreement with their successors, and should they leave their pipe in Town the purchase of the pipe as required from time to time.

We submit herewith statement of receipts and disbursements for the month of August.

We submit herewith list of accounts for your consideration.

Foley Bros. Larson & Co.

EDMONTON WINNIPEG VANCOUVER

The Nox Tasteless Liqueur, Drugg and Tobacco Cure.

We have yet to hear of one failure to cure where a fair trial has been given. Can be given without the person knowing it, is harmless and absolutely without taste. Mother, sister or wife, you would be doing a great work by giving this remedy to some members of your family. We will mail a full month's treatment for five dollars. The Noxell Drug Co., St. Catharines, Ont.

LOCAL & GENERAL.

M. Jarvis will hold her fall millinery opening on Friday next, Sept. 17th.

Mr. and Mrs. Lookhart and son Leland returned from their trip to the east last week.

We notice Councilor Tallman has safely harvested his crop. He had a big gang at work for a while.

J. Roughton, who was moved from here to Okotoks, is now stationed in the Merchants Bank at Edmonton.

Innisfail want the school football team to go down and play them a game during the Teachers' Convention there in October.

The C.P.R. gangs are now laying the heavy rails near Penhold. The railway bridge at Red Deer is receiving a new coat of paint.

The services next Sunday at St. Luke's Church will be in connection with the Harvest Thanksgiving. An anthem will be sung. Gifts of grain, vegetables, fruit and flowers should be sent to the church on Friday morning.

McPhee's show was well attended last Saturday night in spite of the cold air. The play was well liked and everybody got their money's worth. Mr. McPhee is a nephew of Surveyor McPhee, who is well known in this neighborhood.

Two young gentlemen who were duck shooting Saturday afternoon tied up Harold Snell's horse to a tree, but the animal got loose and escaped, and has not been found since. They were out south west and the horse is probably in that neighborhood.

A meeting of those who have signed, or are willing to sign, the roll of membership of the Red Deer Civilian Rifle Association is called for Thursday evening, Sept. 16th, at 8 o'clock, in the Liberal club room at the Alexandra. All those interested are asked to be present.

We have received a lengthy letter from W. Huskins denying that he has ever shot flappers, and talking pretty straight at some people who have. We can see no object in publishing the letter. No one for a moment thinks Mr. Huskins would shoot flappers. He was one of Capt. Cottingham's party on Aug. 23, and therefore did not shoot them on that date.

The secretary of the School Board has received the result of the examinations. Only three pupils appear to have won over 70 per cent. of marks. In standard VII J. Arthur Carswell takes the gold medal and Miss Oluford the silver medal. In standard VII Miss Bremner is the only pupil who secured over 70 per cent. and she carries off the gold medal.

On Saturday night last the Calgary Caledonians won from the Edmonton Caledonians in the final game for the province by a score of 2-0. The game was played at Edmonton and was certainly a good exhibition. Edmonton's defence was strong, but their forwards were not so good; no goals were scored in the first half, showing that the play was pretty close. J. Steadman, who has been in Red Deer this year, played for Edmonton.

M. Jarvis' millinery opening, Sept. 17th.

J. H. Menzies is in the east on important business for a few weeks.

Remember M. Jarvis' millinery opening Friday next, September 17th.

A cricket match will be played to-day between Pine Lake and Red Deer clubs.

Gordon Armstrong, of Edmonton, paid the town a flying visit on Wednesday last.

W. M. Jarvis, the lumber man, wants all the oats and hay in the country. Highest price paid.

WANTED—100 boys and girls to enter the great map drawing contest. Grieve & Co.

The Shrine of Fashion has a beautiful line of ladies' hats for fall. If your ankles are cold this will interest you.

Mr. and Mrs. Geo. Wright, of B. C., and Mrs. Robertson, of Edmonton, were the guests of Mrs. H. W. Wright last week.

W. Huskins has leased the store formerly occupied by Brown, the druggist, on Ross avenue, and will move to his new premises in a few days.

The Calgary News of Monday said: "John T. Moore, ex-M.P.P. for Red Deer, passed through the city yesterday, accompanied by his wife. He is on a trip to the coast."

Huskins, the fruit man, came in yesterday and said: "Gee, don't run that ad again, I have sold all the fruit I advertised," and a moment afterwards H. J. Snell dropped in and reported he had sold all the goods he advertised last week. News ads. bring results.

Messrs. Hamilton and Fitzgerald, proprietors of the Bijou, Edmonton, have signed a lease for the Lyric Theatre here, which will be operated as a branch of the Bijou. Wallace Williamson will have charge of the Red Deer end of the business. The Bijou is noted for putting on one of the best moving picture shows in the west.

J. Stevenson, the butter maker at the government creamery, has severed his connection with the institution and will go into fruit farming in B. C. Mr. Stevenson is one of the best butter makers in the west and will be a decided loss to the profession. T. W. Cogland, who has been assisting Mr. Marker in different parts of the province for some time, takes charge in Red Deer to-day.

Grand Recital.

Mrs. Jean Blewett,
CANADIAN POETESS.

In Verse and Story. At the Assembly Hall of the New School on Friday, September 17th, at 8.15 p. m. A musical program will also be provided by some of the best talent in town.

"To hear Jean Blewett tell these delightful love stories in that exquisite voice of hers is to find oneself back in the days of youth. She has an indescribable way of touching the human heart."—"K" in Mail and Empire.

Admission: Adults 25c., children 15c.

A Material Question.

The material used in Spectacle ware is an important matter, because spectacles are subject to mishaps of many kinds. I aim, in the selection of my goods, to secure such as will combine the three important qualities of lightness, strength and good appearance. If any article in this line does not turn out to be just as represented it will be replaced ABSOLUTELY FREE.

H. H. GAETZ, Optician.

The Gaetz-Cornett Drug & Book Co., Ltd.

Council Meeting.

(Continued from page 7.)

The regular council meeting was held pursuant to notice published in last two issues of the News. There were two items on the agenda. The first was a letter from Mr. Durand who is about to visit France. Granted. Chief Meeres wants the town divided into 5 wards for fire purposes. Laid over.

The commissioners were authorized to secure from the town solicitors advice as to whether it is compulsory for the ratepayers to sign their telephone contracts with the Western Gen. Elec. Co., and in case it is not compulsory that the ratepayers be notified through the press at once. The Western General wrote the Co. had made some improvements in the power house to comply with recommendations of the Inspector of the Western Canada Fire Underwriters' Assoc'n of Winnipeg, which should secure a reduction of about 10 per cent upon the rate of insurance on the power house. The Inspector asked that a two way hydrant be installed 150 feet from the power house. The Company has made all improvements asked and asked the town to place in hydrant at town's expense. Laid over for consideration.

The secretary reported the water pressure gauge has registered the fire pressure every two weeks during July and August, from 1.30 to 3.45 a. m. each time. They asked for explanation. The Company replied the governor of the pump was damaged and they could not control the pressure until the governor was fixed. This was done.

In reply to the town's demand for a reduction of the telephone rates the Western General Electric Co. replied, "1st that the town has no authority for such a demand. 2nd that the rates fixed by the company are not binding upon both the corporation and the company. 'As a friendly statement of the Co.'s views," writes the manager of the Co. "I may add without prejudice that the rates awarded are not adequate for the service rendered by the Co. under the conditions which exist as no one can truthfully dispute. We have however made an agreement and propose to carry it out faithfully and honorably and expect the corporation to do the same. The reference in your news to the province of Alberta is entirely irrelevant. What the province may do has no application to the rates of the Dominion Electric Co. St. Catharines, wrote regarding an account of \$1,000 had against the Western Gen. Elec. Co. He heard the town had taken over the Co.'s business and that the town would be responsible for the Co.'s debt. He was informed in the negative.

W. M. Jarvis is buying hay and oats. Top price paid.

BIRTHS.

To Mr. and Mrs. E. Barnett, of Waskasoo, on September 3rd, a son.

To Mr. and Mrs. T. Wells, Horn Hill, on September 1st, a daughter.

At the Memorial Hospital, on Friday, Sept. 10th, to Mr. and Mrs. W. Douglas, of Penhold, a daughter.

MARRIED.

At the Baptist Manse, by the Rev. B. Goodfield, on Tuesday, Sept. 14th, John Oliver, of the Windsor Hotel, to Miss Mabel Wilkinson.

Board Wanted.

A comfortable boarding house wanted by a single gentleman. Apply News Office.

Second Hand Thresher.

3 horse power sweep and 30 x 30 separator, all in A. 1. working order. Price and terms right. Will exchange for cattle and horses if suited. Apply to STEWART BROS., Lumber and Implement Dealers, Penhold, Alta. Sept. 14th, 4w.

Maid Wanted.

Steady employment, and good home to right girl. No heavy washing. Apply MRS. W. J. BOTTEILL, Parkville.

For Sale or Trade.

A pure bred Ayshire bull, from Mr. Trimble's stock, 8 years old, \$40 cash, or will trade for any animal excepting a bull. L. HORNEIT, Hill End, Sept. 14, 3w.

Stray Cattle.

Came onto the premises of the undersigned during the summer, black yearling, branded W. J. on the right rib, and one red yearling, no brand to be seen. Also one white sow. Owner can have property by paying expenses. H. LUNDY & SON, Sep. 27, Reg. 27, Tp. 38, W. 4. Red Deer, Sept. 14, 3w.

NOTICE OF REMOVAL

W. H. wishes to thank the public generally for the kind support accorded him during the last twelve months, and wishes to inform them that on account of the large increase of business he has been obliged to take a larger store, and, in a few days, will remove to the stand lately occupied by Brown, Chemist, between The Shrine of Fashion and H. J. Snell, the Jeweller. There will be "something doing" on Opening Day, so look out for it. Leave your order early at the old stand for all kinds of preserving fruit this week.

HUSKINS'

THE FRUIT MAN.

QUALITY COUNTS!

As the fruit preserving season is now in full swing, and prices will not be cheaper this year, and doubtful if we can obtain another consignment of these goods at these prices, as the B.C. crop only averages about 25 per cent on other years.

We Advise Our Customers to Buy At Once.

I am receiving Wednesday morning, September 15th, a part car of those celebrated Okanagan Valley goods, from the Coldstream Ranch.

THE FOLLOWING PRICES WILL RULE THIS WEEK:

Prunes, \$1.35 per Crate.

150 Cases Prunes, (in 4 basket crates) at \$1.35 per crate. Superior to any yet seen in town.

Green Tomatoes, 40 lbs for \$1.75

10 Boxes Green Tomatoes, at 5c. per lb., or \$1.75 for 40 lb box.

Ripe Tomatoes, 3 lbs 25c.

10 Boxes Ripe Tomatoes at 3 lbs for 25 cents.

Crab Apples, 50 lbs \$3.00

20 Boxes Crab Apples (50 lbs in a box) at 3 lbs, for 25c., or \$3.00 per box.

20 Boxes Pears at \$3.25 per Box

These will be on Show in Brown's old Pharmacy this week. Come and see the quality at once.

W. HUSKINS,

THE FRUIT MAN.

Wanted.

Team of good driving ponies, weight about 900 lbs, will exchange any kind of farm machinery for same. LATIMER & BOTTEILL, Red Deer, Sept. 15th, '00.

SUPERIOR AND DISTINCTIVE

The Empress are standard shoes—due to years of intelligent effort in producing footwear for women with whom price is not paramount—but what they receive for it.

In style, in fit, in finish, in material, they reveal a degree of superiority so obviously distinctive that even among good makes the "Empress" is a marked shoe.

We have a full range of Empress Shoes in Button and Laced Shoes and Oxfords.

Prices—From \$3.00 to 5.00.

ISSUER OF MARRIAGE LICENSES.

Eight Genuine Snaps Eight

When we say snaps, we mean it. Here is an opportunity to get machines at 25 per cent less than manufacturers' cost. By the misfortune of others you are enabled to buy at half the regular retail price. To make a long story short, it's only necessary for us to say we bought up a bankrupt stock, and are in a position to offer you the following goods at the prices set opposite each article:

- 2 Eight-Horse Powers at \$75.00 ea.
- 1 Four-Horse Power at \$50.00.
- 1 Two-Horse Tread Power.
- 2 No. 50 Straw Cutters at \$35.00 ea.
- 2 28-inch Heavy Steel Frame Saws at \$45.00 each.

All these goods are manufactured by the well-known firm of B. BELL & SONS. They are all in first-class condition. Powers have draw rods and 2 tumbling shafts; Feed Cutters have 2 large knives with pulley and hand crank; Saws are adjusted so as to cut stove or cord wood. Every machine is fully complete and as good as new, except that the paint on Powers and Cutters is somewhat faded. The 2-horse Tread Power is equal to 6-horse power engine, so you can do your own chopping and wood sawing, and with one horse or pony you could pump your water.

It will pay you to look into this, but you will have to hurry, as they will not last long at the prices mentioned. First come, first choice. Call and inspect goods in any event.
